

Master of Business Administration and Engineering

**Faculty of Engineering in Foreign
Languages**

University POLITEHNICA of Bucharest

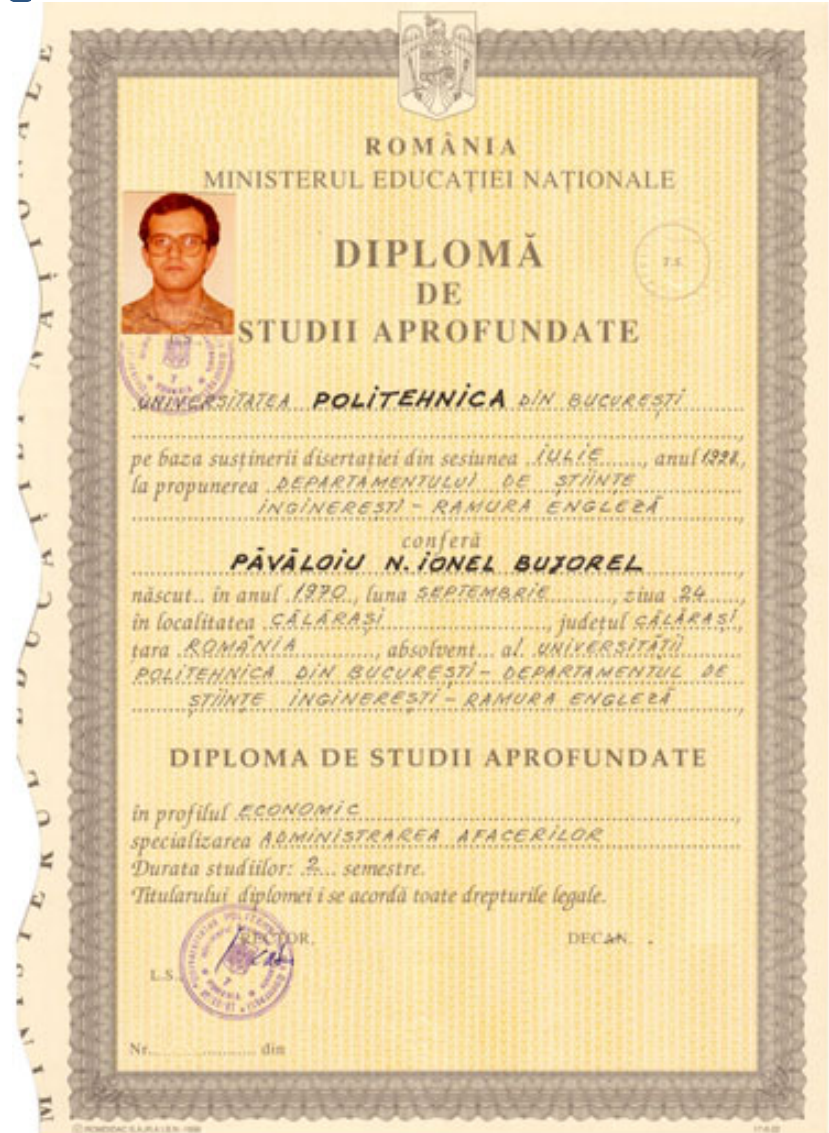

Master of Business Administration and Engineering Program

- Strengthening the capacity of efficient use of ICT (Information and Communication Technology) integrated in environments complex software for functional, organizational, informational, economic and optimal resource allocation.
- Development of the economics, organizational and social competences and management skills to be applied in the working activities.
- Development of psychosocial skills (communication, negotiation) integrated in the management of complex projects.
- Develop the entrepreneurial perspective and the required skills.

MBAE - Past

- Established in 1996, promoted by prof. Paul Dan CRISTEA.
- Started as “Advanced Studies” on two semesters.
- Changed to Master Studies in 2001, initially on three semesters and later on four semesters.
- Obtained (re)accreditation from the Romanian Agency for Quality Assurance in Higher Education (ARACIS) on 22.04.2019.

MBAE Facebook Page

The screenshot shows the Facebook page for the Master of Business Administration and Engineering (MBAE) at Politehnica Bucharest. The page header includes the Facebook logo and a login section with fields for "Email or Phone" (containing "klingo_w@yahoo.com") and "Password", along with a "Log In" button and a "Forgot account?" link.

The main content area features a profile picture of a red building, the name "Master of Business Administration and Engineering - Politehnica Bucharest", and the handle "@MBAE.UPB". Below this is a navigation menu with options: Home, Posts, Reviews, Photos, About, Community, and a "Create a Page" button.

The central post, dated July 9, 2018, describes the MBAE program: "The Master in Business Administration and Engineering program is running at Faculty of Engineering in Foreign Languages from University POLITEHNICA of Bucharest for 25 years. It gave alumni working in key positions in multinational or national companies, some started up as their own initiatives. The program addresses the graduates from various faculties of technical universities, general universities or academies of economics and also the foreign students wishing to obtain economic knowledge and to complete their digital expertise, being able to be part of a successful business." The post has 4 comments and 2 shares.

On the right side, there is a blue banner with the text "FIND YOUR PLACE & OPEN YOUR PERSPECTIVE". Below the banner are sections for "Education Website" (Always Open), "Community" (299 people like this, 319 people follow this), and "About" (0734 881 932, Contact Master of Business Administration and Engineering - Politehnica Bucharest on Messenger, ing.pub.ro/education/mastermbae, Education Website, Hours Always Open).

MBAE - Future

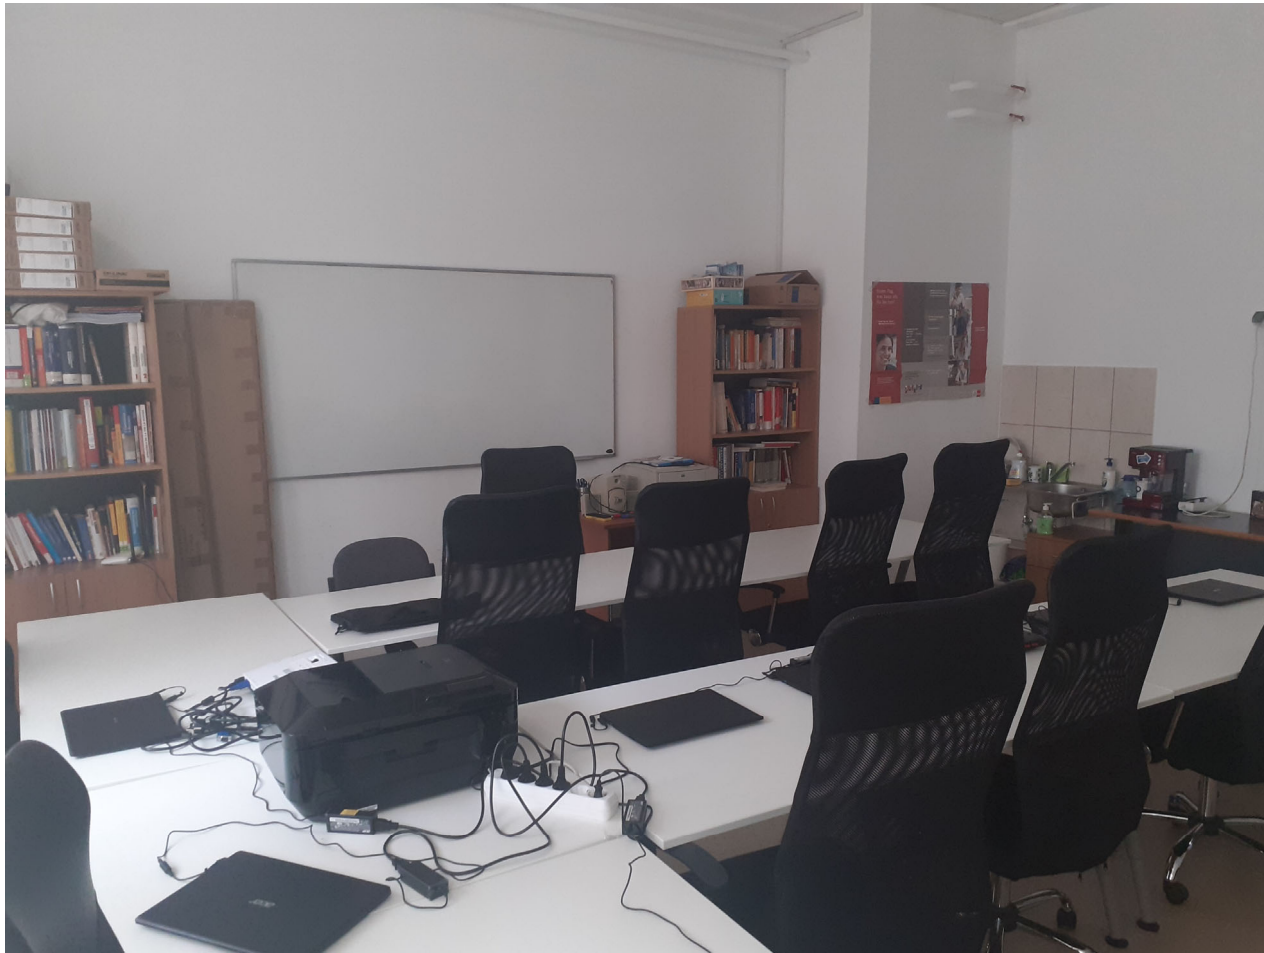

Technology Entrepreneurship - Past

- Started by Prof. Mark Harris, former Director of the Intel® Higher Education & Research Programs for the EMEA Region
- While at Intel, Prof. Harris built Intel's global Technology Entrepreneurship program together with UC Berkeley California's Lester Center for Entrepreneurship.
- He initiated and held the lecture of Technology Entrepreneurship at the MBAE program from 2006 to 2012
- For his dedication and generous contribution, he obtained the title of Doctor Honoris Causa from the UPB.

Technology Entrepreneurship - Present

Entrepreneurial Hub – Donation JARomania

Technology Entrepreneurship - Present

On 11th of November 2019, Saleh Farazi, Adjunct Professor at Universidad Carlos III de Madrid and graduate of our faculty, has given a short lecture on Technology and Innovation Management to the students from MBAE

Home Presentation Activities -

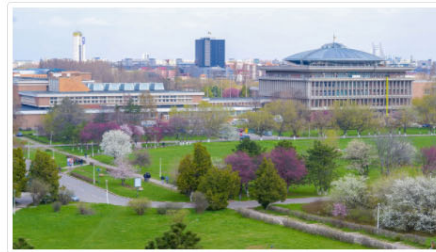

CITE - Computing Innovation for Technology Entrepreneurship

The objectives of this project will enhance the human capital and the entrepreneurship initiatives. The primary targets are the master programs (curricula, students and academic staff) which train students in the domain Management and Engineering and in the domain of Computer Science. Increasing the quality and quantity of Romanian information-technology driven business initiatives focusses directly the first two priority sectors of the EEA grants: Innovation, Research, Education and Competitiveness, as well as Social Inclusion, Youth Employment and Poverty Reduction. The Romanian students will benefit from mobilities in the partner University and the development of teachers is aimed by direct involvement between the professors from both parties and the direct implication of students. Former students which created successful start-ups will participate from the world of work in the creation of case-studies and of the lecture materials as evaluators. There is a clear recognition of the need for the uplifting the role universities in the Romanian entrepreneurial ecosystem and the project aims directly this target.

Informații generale

În atenția studenților din anul I, ciclul de studii licență, al anului universitar 2020-2021:

Începând cu data de 30 Septembrie, fiecare student își va putea accesa contul, creat pe baza celui de la admitere (<http://admitere.pub.ro>). Autentificarea se face cu CNP / seria de pașaport ca username, iar parola aceeași cu cea de la admitere.

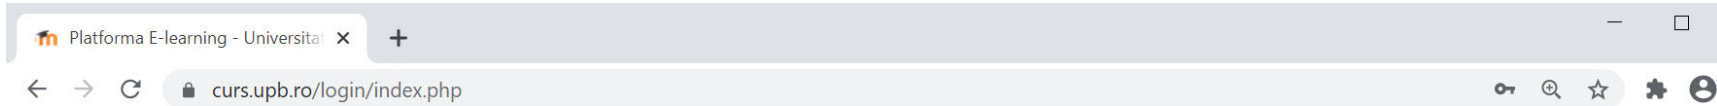

În cazul în care parola nu este acceptată, încercați următoarele:

- parola formată din ultimele 6 cifre din CNP / seria de pașaport
- click [Resetare parola](#)
